360XP tablet

10ZiG Wireless tablet

The 360XP Tablet delivers the very best in mobile computing. Healthcare, manufacturing, distribution, retail, you name the industry. The 360XP Tablet is a perfect match for applications such as patient care, inventory management, shop floor, shipping, receiving, and data collection. The integration of powerful elements -- AMD LX800 processor, Microsoft's XP-embedded operating system, versatile networking options, together with Citrix ICA 12.1 and Microsoft RDP 6 client/server computing protocols makes the 360XP Tablet a compelling solution for mobile computing.

Reduce IT Costs, Increase Security and Improve Efficiency by Switching to 10ZiG Thin Clients

Highlights

Unique features include customizable "Hot Spots" and full integration with 10ZiG Management Software. While "Hot Spots" enhance the use of the touch screen by triggering pre-recorded macros easing navigation through your application, integration with the 10ZiG Management Software provides centralized support and control. Terminal Emulations include BlueZone Desktop by request.
