

V2200 Trusted Zero Client Series

Model Numbers: V2200, V2200S, V2203, V2200F, V2200FS

AMD® Ryzen™ R1305G Embedded, featuring AVX2 Support

Industry Leading Trusted Zero Client by 10ZiG with PCoIP® Ultra Performance

The V2200 Series is part of the V2000 Trusted Zero Client lineup by 10ZiG with HP PCoIP® Ultra performance with support for dual display. The TAA Compliant V2200 Series provides an “ultra” secure, yet powerful and easy-to-manage endpoint that eliminates the chance of viruses with extensive security and authentication features. With 8GB of DDR4 RAM and supportive of 2 x DisplayPort, 5 external USB, headphone, microphone, and internal speaker, the V2200 Series delivers a winning user experience. Options include Fiber, Wireless, Smart Card, and Vesa Mount.

Each Trusted Zero Client comes with a year of the HP Anyware Trust Center Subscription. The Anyware Trust Center subscription enables enhanced Anyware Trust Center features, allows Trusted Zero Client firmware to be updated, and includes support from HP. Trusted Zero Clients have the ability to connect to HP Anyware, Amazon Workspaces, and VMware Horizon** platforms. Trusted Zero Clients can also be managed by the FREE 10ZiG Manager™ with unlimited licenses.***
