

Apporto & 10ZiG:

By bringing together Apporto's browser based Secure Mobile Workspaces & 10ZiG's Secure Managed Endpoints, you can deliver a cost-effective, secure, & standardized virtual desktop solution.

Enabling users to access desktops and applications anytime, anywhere has been Apporto's mission since their inception in 2014. Ten years on and their customers are reaping the rewards of affordable VDI and simplified administration - with exceptional UX.

Combined with 10ZiG's secure, managed hardware and software solutions, organizations can take advantage of standardizing their delivery of desktops and applications through Apporto with 10ZiG Thin Clients and/or 10ZiG RepurpOS to convert existing Windows PCs & Laptops into secure, dedicated Linux based Apporto endpoints.

"The partnership between 10ZiG and Apporto makes perfect sense: Two technology leaders laser-focused on customer success".

*Antony Awaida - Apporto
CEO & Founder*

Introducing Apporto Secure Mobile Workspaces

Apporto's Secure Mobile Workspaces deliver a virtual desktop solution with an emphasis on security and simplicity for organizations. Leveraging a Zero Trust security model, it facilitates access to apps and data across devices, bypassing the need for VPNs. The service simplifies IT management through automated software handling and offers cloud, on-premises, and hybrid infrastructure support.

Key features include a user-friendly admin console, automatic cloud scaling, and real-time collaboration tools, with the promise of reducing total cost of ownership by up to 70%. For organizations aiming to optimize their virtual desktop infrastructure securely and cost-effectively, Apporto provides a scalable solution.

What Can Apporto Do For Your Business?

What Can Apporto Do For Your Business?

Enable Secure Access

Securely deliver 24/7 access to the applications and resources they need, whenever they need it, from any device (BYOD) without the hassle of VPN. Anytime/Any Device/Anywhere Access

Free up IT

Apporto handles software deployment, backup, recovery, monitoring, antivirus, and more, all as part of the service. No packaging, complex configuration, or endpoint management is required.

Up to 50-70% Lower TCO

A simple, all-inclusive subscription plan with no hidden fees or overages at a low predictable fixed cost.

Securely Enable BYOD

Enable BYOD without the hassle of VPN or endpoint management securely with the backing of Apporto's zero trust and least privilege security architecture.

Deliver a better user experience

Advanced compression, geo-optimization, and autoscaling deliver a true local-like user experience on Windows, Mac, and Linux.

Simplify your VDI for growth

Eliminate the need for server setups, datacenter overload, and patch management. Simplify and scale your infrastructure effortlessly.

10ZiG & Apporto - Better Together

10ZiG & Apporto - Better Together

The Desktop & Endpoint Combination You've Been Waiting For...

Empower your IT and quit worrying about infrastructure.

Deliver a better, more secure, desktop experience users will love with 10ZiG & Apporto.

SECURE ACCESS

Deliver secure access from 10ZiG endpoints and streamline compliance.

LOWER TCO

Up to 70% lower TCO with Apporto + long lifespan 10ZiG hardware & repurposing software.

STANDARDIZATION

Give every employee the same seamless Apporto access with your choice of Repurposing OS for existing hardware, or 10ZiG hardware with 10ZiG Linux OS or Windows 11 IoT LTSC.

SUSTAINABILITY & GREEN IT

Apporto experience delivered via low energy consumption 10ZiG hardware or re-energized existing Windows PCs/Laptops with 10ZiG RepurpOS.

BETTER USER EXPERIENCE

Both Apporto & 10ZiG run on proprietary technology to deliver exceptional UX.

SIMPLIFY IT

Intuitive management of your Apporto platform + intuitive management of 10ZiG endpoint estate.

ANYWHERE/ANYTIME ACCESS

Simplified, secure access to Apporto anytime, anywhere with traditional or laptop 10ZiG endpoints.

FREE DEMOS AVAILABLE

You can get easy access to no-hassle Apporto and 10ZiG Hardware and Software solutions to test in your environment.

"10ZiG are very excited to partner with Apporto. The Apporto provided virtual desktop gives a secure, affordable VDI experience that can be accessed easily and quickly through a locked down browser on any one of our purpose built 10ZiG Thin Clients or through the 10ZiG repurposing software (RepurpOS). In conjunction with our Free 10ZiG Management Software, the experience couldn't be simpler. Combined they bring an extremely low TCO, making the two a compelling choice for Education and beyond!"

Stuart Pladgeman - 10ZiG Technology
